STATE OF GEORGIA
CITY OF VILLA RICA

A RESOLUTION TO APPROVE AN AMENDMENT TO THE BUDGET
FOR THE FISCAL YEAR 2025 FOR THE CITY
PURSUANT TO SECTION 2-71 OF THE CITY'S CODE OF ORDINANCES

WHEREAS, the Mayor and City Council adopted the 2025 Budget on September 10, 2024, which incorporated all of the various funds of the City; and

WHEREAS, the Mayor and Council have determined it appropriate to amend the budget for the reasons set forth herein; and

WHEREAS, the Mayor and Council have reviewed the proposed budget; and

WHEREAS, each of the funds, as amended, has a balanced budget, such that anticipated revenues equal or exceed proposed expenditures.

NOW, THEREFORE, the Mayor and City Council of the City of Villa Rica, Georgia, hereby resolve as follows:

Section 1. That the City of Villa Rica, Georgia, hereby amends the Budget for Fiscal Year 2025, said budget amendment being described as Amendment No. 174-180, attached hereto, and incorporated as Exhibit A.

Section 2. That any increase or decrease in appropriations or revenue of any fund or for any department; the establishment of new capital projects; or the establishment of new grant projects other than those expectations provided for herein, shall require approval of the City Council.

Section 3. That the City Manager and his/her designee may promulgate all necessary internal rules, regulations, and policies to ensure that this Budget Amendment Resolution is followed.

Section 4. This Resolution shall be effective immediately upon its adoption.

1. It is hereby declared to be the intention of the Mayor and City Council that all sections, paragraphs, sentences, clauses, and phrases of this Resolution are and were, upon their enactment, believed by the Mayor and City Council to be fully valid, enforceable, and constitutional.

2. It is hereby declared to be the intention of the Mayor and City Council that, to the greatest extent allowed by law, each and every section, paragraph, sentence, clause, or phrase of this Resolution is severable from every other section, paragraph, sentence, clause or phrase of same. It is hereby further declared to be the intention of the Mayor

and City Council that, to the greatest extent allowed by law, no section, paragraph, sentence, clause, or phrase of this Resolution is mutually dependent upon any other section, paragraph, sentence, clause, or phrase of same.

3. In the event that any phrase, clause, sentence, paragraph or section of this Resolution shall, for any reason whatsoever, be declared invalid, unconstitutional or otherwise unenforceable by the valid judgment or decree of any court of competent jurisdiction, it is the express intent of the Mayor and City Council that such invalidity, unconstitutionality, or unenforceability shall, to the greatest extent allowed by law, not render invalid, unconstitutional or otherwise unenforceable any of the remaining phrases, clauses, sentences, paragraphs or sections of the same and that, to the greatest extent allowed by law, all remaining phrases, clauses, sentences, paragraphs and sections of the Resolution shall remain valid, constitutional, enforceable, and of full force and effect.

4. All ordinances or resolutions and parts of ordinances or resolutions in conflict herewith are expressly repealed.

5. The within resolution shall become effective upon its adoption.

SO RESOLVED AND EFFECTIVE this the 9th day of September, 2025.

**A RESOLUTION OF THE CITY OF VILLA RICA, GEORGIA,
ESTABLISHING A VETERANS MEMORIAL PARK**

WHEREAS, the freedoms and liberties enjoyed by the citizens of the City of Villa Rica and the United States of America have been preserved through the courage, dedication and sacrifice of the men and women who have served in the Armed Forces; and

WHEREAS, countless veterans have selflessly placed service above self, enduring hardships and making sacrifices in defense of our nation's values and security; and

WHEREAS, the City of Villa Rica recognizes that the peace and prosperity that we enjoy today are the direct result of the unwavering commitment of those who chose to serve in the United States Armed Forces; and

WHEREAS, it is fitting and proper for the City of Villa Rica to establish a lasting tribute to honor veterans of all branches of service and to provide a place of reflection, remembrance and gratitude for current and future generations; and

WHEREAS, the Mayor and Council for the City of Villa Rica desire to dedicate a public space to serve as a Veterans Memorial Park, symbolizing the City's enduring appreciation for the sacrifices of our nation's heroes.

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF VILLA RICA, GEORGIA AS FOLLOWS:

1. That a Veterans Memorial Park is hereby established within the City of Villa Rica, Georgia to be located as shown in Exhibit "A" attached hereto, to be maintained as a place of honor, remembrance and reflection.
2. That the park shall serve as a tribute to all veterans of the United States Armed Forces, recognizing their courage, loyalty and sacrifice in defense of liberty.
3. That the City of Villa Rica extends its deepest gratitude to all who have served and to their families, acknowledging that our freedoms have been secured through their sacrifice.
4. That the City shall enter into an agreement with its local veterans to allow the establishment of appropriate monuments, markers and/or educational features within a Veterans Memorial Park to preserve the memory of those who served and to inspire future generations.

Resolved this _____ day of September, 2025.

RESOLUTION
COMMEMORATION OF NEW ROAD

WHEREAS, the City of Villa Rica along with the Mayor and Council recognizes the importance of commemorating significant historical, cultural, and community contributions through the naming of public infrastructure; and

WHEREAS, the City of Villa Rica approved the new “Proposed Street” on June 11, 2024 connecting South Street to Commerce Drive; and

WHEREAS, Carroll County constructed a fire station at the corner of South Street and US Hwy 78, and the “Proposed Street” allows an additional ingress and egress for the fire apparatus; and

WHEREAS, the new proposed street name reflects the values, heritage, or notable achievements that align with the city's identity and vision; and

WHEREAS, the Mayor and Council have chosen to designate the “Proposed Street” to “Louis Harris Drive.” Louis Harris was one of the unsung heroes of the day. Louis worked with Horace Luther, the Superintendent of the Water and Sewer Authority. Louis was on the scene immediately after the gas explosion occurred on December 5, 1957. This local man worked to pull several people out of the burning buildings. When he saw that someone had put their foot through the debris, he pulled them out by grabbing onto their leg despite danger to himself. He became a local hero because of how long he stayed at the scene and how hard he worked. Louis is credited in stopping the gas flow from the power station to Villa Rica after the explosion. He put so much brave effort into saving others that he stayed until late to help clear the debris and haul it to the two sites where it was dumped. After working for the City’s Water Department, Louis served as fireman and then was the first black policeman in Villa Rica. While working in the fire department Louis lost several fingers and because of this disability he could only work part time for the city and did so until he retired.

THEREFORE, BE IT RESOLVED by the Mayor and Council for the City of Villa Rica that the “Proposed Street” that connects South Street to Commerce Drive and shown in Exhibit A will now be named “Louis Harris Drive” to honor its significance and inspire future generations this 9th day of September 2025.

Public Comment (We ask that you sign in for Public Comment before the meeting begins. Please state your Name and Address for the record and limit your comments to three minutes.)

1. John Hannabach- spoke representing the Villa Rica Military Veterans Association. He is appealing

to the Council for a veteran's memorial park and for the approval of a parcel of land to be dedicated.

2. Tonya Ross- shared a written mission statement with the Council. She is upset about her apartment within the housing authority that is in disrepair. She has made several complaints, and her children are sick from possible mold.
3. Josh Evans- mentioned he is no longer going to speak and tell the Council what they are doing wrong. He is going to file a lawsuit.
4. Aleta Farmer-mentioned many things are going wrong in the community and wants the Council to have compassion for its citizens. She believes no one living in Villa Rica should live in deplorable conditions.
5. Pam Whyte mentioned the Ponzi scheme from Newnan, she wants to know if any city dollars were part of the scheme. She has requested a town hall several times. She also questioned why the Mayor is trying to repeal the Ethics Board. She also mentioned the children on Cleghorn St. are late to school everyday because the busses do not arrive on time.
6. Kelvin Owens- mentioned he is a retired senior officer seeking Council support for a veteran's park. He also mentioned he has cars running stop signs in front of his home and would like the police department to use his driveway to watch for cars running the signs.

Council Updates (Subjects of General Interest and Concern)

Councilwoman Anna McCoy enjoyed the last summer concert and thanked Main Street and all of the Volunteers.

Mayor Leslie McPherson addressed public comments that were made. The issue with the Housing Authority if you need help you may reach out to City Hall or try going in person. She explained the City is not part of the Housing Authority, and the bus issues would need to be addressed to the School Board.

CITY OF VILLA RICA

City Council Meeting Agenda Item Cover Sheet

SUBJECT: VA-04-25 – Maria Almonte is requesting a variance for a reduction in the required fifty foot (50') minimum lot frontage, in accordance with *Sec. 4.06. R-1 -Suburban Single-Family Residential* for property located at 65 McCurdy Road, Land Lot 193, District 6, also known as Parcel Number: V04-0120003. The property lot size is .55+/- acres. The subject property is zoned R-1 -Suburban Single-Family Residential located within Carroll County, GA, Ward 3. **This is a Public Hearing.**

WORK SESSION DATE: September 2, 2025

MEETING DATE: September 9, 2025

PREPARED BY: Shaun Myers, Planning and Zoning Administrator

PUBLIC HEARING: YES

PURPOSE:

The applicant is requesting a variance from *Section 4.06 Minimum Lot Frontage*. The 0.55-acre lot does not abut a public-right-of-way. The applicant requests to have the existing 12.5-foot wide existing shared gravel driveway serve as access to the lot, for the purpose of developing a single-family home.

BACKGROUND:

The subject property, located at 65 McCurdy Road, is currently undeveloped and does not have direct frontage on a public street. Instead, access to the property is provided via a 12.5-foot-wide gravel driveway that cuts through an adjacent parcel at 69 McCurdy Road. The applicant is requesting a variance to allow for a reduction in the required minimum lot frontage from 50 feet to 12.5 feet to enable the development of a single-family residence on the subject lot.

This variance is necessary because the City's zoning code defines minimum lot frontage as the length measured between side lot lines at the street right-of-way or private street easement. The lot does not abut a public right-of-way and relies solely on a shared driveway

for access. The request seeks to formally recognize the 12.5-foot-wide shared driveway as sufficient frontage for development purposes.

IMPACT: N/A

STAFF RECOMMENDATION:

Staff recommends **approval**, with three conditions. Approval will allow for the reasonable use of an otherwise landlocked residential lot, that was created by no fault of the applicant. The lot lacks public street frontage, and strict application of the zoning ordinance would render it undevelopable. The condition is not self-imposed and results from historical subdivision. The proposed single-family home is compatible with surrounding residential development and aligns with the Suburban Neighborhood designation in the Miner's Village character area. Approval will allow for reasonable use of the property without adversely impacting adjacent uses or public welfare.

Staff recommends **Approval** with three (3) conditions:

1. The shared gravel driveway shall have a clear width of 12 to allow for emergency vehicle access and be maintained in good condition to ensure safe vehicular access. Any future paving or expansion shall require permitting by the City of Villa Rica for compliance with driveway and access requirements.
2. The shared gravel driveway shall be recorded as an ingress/egress easement on the properties it passes through and shall remain recorded and legally enforceable to preserve future access in the case of ownership changes. Evidence of a recorded ingress/egress easement will be required prior to the issuance of a building permit.
3. All building, fire life safety, and zoning requirements shall be met in accordance with all applicable City codes and regulations.

MOTION:

I move to approve the requested variance from *Section 4.06 Minimum Lot Frontage* for the property located at 65 McCurdy Road (Case No. VA-04-25) to reduce the minimum lot frontage from 50 feet to 12.5 feet, subject to the three (3) conditions recommended by staff.

Staff Report: VA -04-2025

Applicant: Maria Almonte
Case: VA-04-25
Address: 65 McCurdy Road
Land Lot: 193
Parcel: V04 0120003
Acreage: 0.55
Zoning: Suburban Single Family Residential (R1)
Ward: 3
City Council Member: Stephanie Warmoth
Planning Board Member: Andrew Newton
City of Villa Rica, Carroll County, Georgia

The applicant, Maria Almonte, is requesting a variance from Section 4.06 of the City of Villa Rica Zoning Ordinance, related to the minimum lot frontage requirement of 50 feet for R-1 (Suburban Single-Family Residential) zoned properties.

The following documents, which were submitted in support of the application, have been reviewed:

1. Application for a Variance, dated May 23, 2025 (1 page).
2. Quit Claim Deed, dated January 7, 2025, signed by Robert Carden (1 page).
3. Letter of Intent, signed by Maria Almonte, (1 page).
4. Access Easement: 20 feet ingress/egress, dated July 9, 2025, signed by Robert Carden (1 page).
5. Site Plan, prepared by S&S Land Surveying, dated April 21, 2025. (1 page).
6. Elevation plan and floor plan prepared by Real Life Design Group, dated January 17, 2025. (2 page).
7. Survey for proposed easement, prepared by S&S Land Surveying, dated August 22, 2025. (1 page).

A. Existing Conditions

The subject property, located at 65 McCurdy Road, is currently undeveloped and does not have direct frontage on a public street. Instead, access to the property is provided via a 12.5-foot-wide gravel driveway that cuts through an adjacent parcel at 69 McCurdy Road. The applicant is requesting a variance to allow for a reduction in the required minimum lot frontage from 50 feet to 12.5 feet to enable the development of a single-family residence on the subject lot.

This variance is necessary because the City's zoning code defines minimum lot frontage as the length measured between side lot lines at the street right-of-way or private street easement. The lot does not abut a public right-of-way and relies solely on a shared driveway for access. The request seeks to formally recognize the 12.5-foot-wide shared driveway as sufficient frontage for development purposes.

TABLE 1. SURROUNDING LAND USES

	Current Zoning	Current Use	Land Use Character Area
North	Suburban Single-Family Res. (R-1)	Home	Miner's Village
East	Suburban Single-Family Res. (R-1)	Home	Miner's Village
South	Single-Family Agricultural (AG)	Church	Miner's Village
West	Office Medical Institutional (OMI)	Medical Center	Miner's Village

The Miner's Village Land Use Character Area allows for a range of land uses, including Conservation/Open Space, Suburban Neighborhood, Industrial, and Commercial Corridor. The proposed use is appropriate in Suburban Neighborhoods designated areas, which support low to moderate density single-family residential development.

FIGURE 1. VICINITY MAP, 65 MCCURDY ROAD. SOURCE: CARROLL COUNTY QPUBLIC MAP

B. Site History

As illustrated in Figure 2, the **subject lot** is currently owned by Ms. Almonte, who also owns the neighboring lot. She acquired the subject lot from Mr. Carden on October 10, 2024, with the intent of constructing a single-family residence. Ms. Almonte's common ownership of the subject lot and the lot adjoining to the north is outlined in yellow as shown in Figure 2. The subject property does not have direct frontage on McCurdy Road; however, access is provided by an ingress/egress agreement granted by Mr. Carden through his property located at 69 McCurdy Road (outlined in red). This access easement provides lot frontage to the subject lot.

FIGURE 2. AERIAL VIEW OF PROPERTY OWNERSHIP AND ACCESS CONFIGURATION

C. Proposed Development

The applicant proposes to construct a single-family residence on the subject property, which is approximately 24,000 square feet. The lot exceeds the minimum lot size requirement for the R-1 zoning district, the proposed home meets the minimum required ground floor area. Section 4.06 of the Zoning Ordinance specifies a minimum ground floor area of 1,500 square feet for single-family homes in the R-1 district.

The site plan indicates that the primary access to the new residence will be provided by the existing shared gravel driveway. While a new concrete driveway segment is proposed to serve the residence directly, the gravel drive will remain in use as the primary means of access from the public right-of-way, as shown highlighted in figure 3.

D. Variances

1. Variance to Reduce Minimum Lot Frontage

- Code Section: Appendix B – Zoning Ordinance, Section 4.06 (R-1 Suburban Single-Family Residential District).
- Standard Requirement: Minimum lot frontage of 50 feet.
- Requested Variation: Reduction of required lot frontage from 50 feet to 12.5 feet.
- Description: The subject property does not abut a public street and is accessed via a 12.5-foot-wide shared driveway through an adjacent parcel. A variance is requested to allow the 12.5-foot access easement to serve as the lot's frontage for zoning purposes, in lieu of the required 50 feet of frontage along a public right-of-way.

Variance Decision Criteria

In taking action on all variance requests, the Council shall use the following decision criteria, consistent with the requirements of the Georgia Code.

a) Development Standards Variance. The Council may grant a variance from the development standards of this ordinance (such as height, bulk, area) if, after a public hearing, it makes a determination in writing (consistent with O.C.G.A. 36-66-1), that:

- General Welfare:** The approval of the requested variances will not be injurious to the public health, safety, morals, or general welfare of the community. The proposed single-family residence is consistent with the low-density residential character of the area and will be served by an existing gravel access drive, minimizing the need for additional site disturbance. The proposed home is compatible with surrounding development patterns, and will not generate adverse impacts to traffic, noise, or environmental conditions.
- Adjacent Property:** The subject lot is surrounded by a mix of residential and institutional uses. The use and value of adjacent properties will not be adversely affected in a substantial manner by approval of the requested variances. The surrounding properties along McCurdy Road are developed with single-story homes built in the early 1950s, many of which are approximately 1,100 square feet in size and are accessed via gravel driveways. The proposed home is in character with this established development pattern and will not introduce an incompatible use. Additionally, the applicant owns the adjacent lot to the north, further mitigating any potential for conflict with nearby property owners.
- Practical Difficulty:** Strict application of the zoning ordinance would result in practical difficulty in developing the property. The subject lot lacks frontage on a public street, making it infeasible to meet the minimum 50-foot frontage requirement, despite being a legal lot with access via a gravel drive and an ingress/egress agreement. Requiring compliance with the minimum frontage standard would effectively render the property undevelopable.

E. Comments

No additional staff Comments.

F. Public Notification

As required by *Section 11.05* in the Code of the City of Villa Rica, the public has been notified in *Times-Georgian* and the *Douglas County Sentinel* on July 24, 2025, a sign has been posted on the subject properties; and all abutting property owners have received notification via regular and certified mail.

Public Response:

In response to the public notifications, no residents have contacted the City objecting to the proposed variances.

G. Recommendations

Staff recommends **Approval** with three (3) conditions:

1. The shared gravel driveway shall have a clear width of 12 to allow for emergency vehicle access and be maintained in good condition to ensure safe vehicular access. Any future paving or expansion shall require permitting by the City of Villa Rica for compliance with driveway and access requirements.
2. The shared gravel driveway shall be recorded as an ingress/egress easement on the properties it passes through and shall remain recorded and legally enforceable to preserve future access in the case of ownership changes. Evidence of a recorded ingress/egress easement will be required prior to the issuance of a building permit.
3. All building, fire life safety, and zoning requirements shall be met in accordance with all applicable City codes and regulations.

To whom it may concern,

I need a variance for the 50 feet requirement by the City of Villa Rica. I am requesting the variance because the distance to the edge of the road is 213 feet. The lot frontage is 12.8 feet. I have already emailed the proof of hardship.

The proposed building was already approved by the County to the prior owner, Mr. Robert Carden, and we bought the land with the specific purpose of building a single-family house next to our first house. This proposed project will enrich and enhance the city's landscape.

This exception is now permitted by the County of Carroll. The prior owner, Mr. Robert Carden, had already obtained the approval from the county to build such house and a water meter has already been installed.

Regards,

Maria Almonte

To Whom It May Concern,

I, Robert Carden, grant Maria I. Almonte the right to use the existing 20+/- feet ingress/egress easement on my property at 69 McCurdy to gain access to her property at 65 McCurdy Road.

Respectfully,

Robert Carden

SURVEYOR'S CERTIFICATE

This plat is a retracement of an existing parcel or parcels of land and does not subdivide or create a new parcel or make any changes to any real property boundaries. The recording information of the documents, maps, plats, or other instruments which created the parcel or parcels are stated hereon. RECORDATION OF THIS PLAT DOES NOT IMPLY APPROVAL OF ANY LOCAL JURISDICTION, AVAILABILITY OF PERMITS, COMPLIANCE WITH LOCAL REGULATIONS OR REQUIREMENTS, OR SUITABILITY FOR ANY USE OR PURPOSE OF THE LAND. Furthermore, the undersigned land surveyor certifies that this plat complies with the minimum technical standards for property surveys in Georgia as set forth in the rules and regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors and as set forth in O.C.G.A. Section 15-6-67.

INITIAL CONTROL POINTS FOR THIS SURVEY WERE ESTABLISHED USING A TRIMBLE R780 MULTI-FREQUENCY GNSS RECEIVER RECEIVING CORRECTIONS FROM A REAL TIME GNSS CORRECTION SERVICE.

A TRIMBLE R780 MULTI-FREQUENCY GNSS NETWORK ROVER SYSTEM WAS USED FOR A SUBSTANTIAL PORTION OF THE FIELD DATA SHOWN ON THIS PLAT. THE RELATIVE POSITIONAL ACCURACY OF THE FIELD DATA IS 0.04' HORIZONTAL AT THE 95% CONFIDENCE LEVEL.

A TRIMBLE S5 TOTAL STATION WAS USED TO OBTAIN THE ANGULAR AND LINEAR MEASUREMENTS FOR A PORTION OF THE FIELD DATA SHOWN ON THIS PLAT.

THIS PLAT HAS BEEN CALCULATED FOR CLOSURE AND IS FOUND TO BE ACCURATE WITHIN ONE FOOT IN 158,903 FEET (EXTERIOR). DATE OF FIELD WORK: April 21, 2025

Variance Request: Minimum Lot Frontage.

65 McCurdy Road.

Applicant: Maria Almonte

Case No.: VA-04-25.

Address: 65 McCurdy Road

Parcel: V04 0120003

Acreage: 0.55 acres+/-

Variance Request VA-04-25

- *Section 4.06* requires minimum lot frontage of 50 feet
- Variance Request to reduce minimum lot frontage from 50' to 12.5'.
- Applicant: Maria Almonte
- Address: 65 McCurdy Road
- Zoning: R-1 (Suburban Single-Family Residential)
- Acreage: 0.55 acres
- Ward: 3

Existing Conditions

- Subject property is currently undeveloped.
- Access via 12.5' wide gravel driveway through adjacent parcels.
- No direct frontage on public right-of-way.
- Access agreement granted through 69 and 79 McCurdy Rd.
- Parcel adjacent to the north is also owned by the applicant.

Proposed Development

- Proposed ranch style single-family home
- Access maintained via shared gravel drive
- Concrete driveway segment proposed at new home

McCurdy Road 50' R/W

McCurdy Rd

Neighborhood Compatibility

- Surrounded by mix of residential and institutional uses.
- Adjacent uses:
 - North/East: R-1 Homes
 - South: AG, Church
 - West: OMI, Medical center.
- Neighborhood along McCurdy Road consists of single-story homes built circa 1950's, and several with gravel driveways.

Variance Criteria

- ***General Welfare:*** No harm expected to public safety or health.
- ***Adjacent Property:*** No adverse impact expected to nearby properties.
- ***Practical Difficulty:*** Lot lacks frontage; strict code adherence would make it undevelopable. Condition is not self-imposed.

Staff Recommendation

Staff recommends Approval with 3 conditions:

1. Maintain 12' wide gravel drive for emergency access.
2. Record and preserve shared gravel drive as ingress/egress easement.
3. Comply with all applicable building, fire, and zoning codes.

CITY OF VILLA RICA

City Council Meeting Agenda Item Cover Sheet

SUBJECT: RA-02-25 – Ashley Barnett and East-West Express, on behalf of Richard Cangemi are requesting a rezoning from Commercial Low-Density (C1) to Industrial Medium-Density (I2) to continue the current use of a truck freight terminal in accordance with permitted uses outlined in Sec. 4.17. *I2 Industrial Medium-Density* for property located at 15051 Veterans Memorial Highway within Land Lot 45 of District 2, also known as Parcel Number: 01450250037. Ward 1. **This is a Public Hearing**

WORK SESSION DATE: September 2, 2025

MEETING DATE: September 9, 2025

PREPARED BY: Shaun Myers, Planning and Zoning Administrator

PUBLIC HEARING: YES

PURPOSE:

The applicant, Richard Cangemi, President and CEO of East-West Express, Inc., requests to rezone the subject property from C-1 (Commercial Low-Density) to I-2 (Industrial Medium-Density). The purpose of the request is to correct the zoning designation to accurately reflect the property's industrial use as a truck freight terminal. No changes are proposed to the business nor physical site conditions.

BACKGROUND:

The applicant, East-West Express, Inc., requests to rezone the 33-acre property located at 15051 Veterans Memorial Highway from C-1 (Commercial Low-Density) to I-2 (Industrial Medium-Density). The site is currently developed and operating as a truck freight terminal and includes a 12-acre gravel truck storage area approved by variance in 2021. No new development or site modifications are proposed. The rezoning request is intended to change the zoning designation to reflect the property's long-standing industrial use and bring the site into conformity with the zoning ordinance.

While the property is currently zoned C-1, the surrounding area is industrial in character, with nearby uses including traffic signal contractors, construction services, U-Haul rental,

and boat/RV storage. The site is buffered by Veterans Memorial Highway and an active railroad line to the north and I-20 to the south, providing significant separation from more sensitive land uses. Rezoning to I-2 aligns the zoning with existing conditions and supports continued industrial use.

IMPACT: N/A

STAFF RECOMMENDATION:

Staff recommends **approval**, with conditions. The applicant has agreed to said conditions. Approval of the rezoning request to I-2 will align the zoning designation with the existing use of the property as a truck freight terminal and will eliminate the current nonconforming status of the site. The rezoning is not expected to negatively impact adjacent properties, nor be injurious to general welfare. The surrounding uses are industrial in nature and are buffered from more sensitive areas by major transportation corridors.

Staff recommends **Approval** with two (2) conditions:

1. The subject property shall be limited to use as a truck freight terminal and related logistics/transportation operations. No other industrial use permitted under I-2 zoning shall be allowed without further review and approval by the Planning & Zoning Commission and City Council, unless and until the Future Development Map is amended to designate the subject site within an industrial-compatible district, at which time such Council approval shall no longer be required to change the use.
2. All building, fire life safety, and zoning requirements shall be met in accordance with all applicable City codes and regulations.

PLANNING AND ZONING COMMISSION RECOMMENDATION: Approval (3:0; 1 abstained)

MOTION:

I move to approve the request to rezone the property located at 15051 Veterans Memorial Highway (Case No. RA-02-25) from C-1 (Commercial Low-Density) to I-2 (Industrial Medium-Density), subject to the two (2) conditions recommended by staff, and the approval recommendation from the planning and zoning commission.

Staff Report RA -02-2025

Applicant: East-West Express. Richard Cangemi,
Case No.: RA-02-25
Address: 15051 Veterans Memorial Hwy.
Land Lot: 0145
Parcel: 01450250037
Acreage: 33+/-
Ward: 1
City Council Member: Shirley Marchman
Planning Board Member: Vivian Lyons
City of Villa Rica/Douglas County

The applicant, Richard Cangemi, President and CEO of East-West Express, Inc., requests to rezone the subject property from C-1 (Commercial Low-Density) to I-2 (Industrial Medium-Density). According to the applicant, the property is currently being used for existing truck freight terminal operations, and no changes are proposed to the business, physical site conditions, or infrastructure. The purpose of the request, per the applicant, is to correct the zoning designation to accurately reflect the property's longstanding industrial use. The applicant states that the property should have been zoned I-2 from the beginning and that this zoning correction will not result in any additional development, road improvements, or modifications to the existing business operations.

The following documents, which were submitted in support of the Application, have been reviewed:

1. Zoning Map Amendment (Rezoning) Application dated June 30, 2025 (1 page).
2. Campaign Contribution affidavit dated June 30, 2025 (1 page).
3. Letter of Intent, June 30, 2025, by Richard Cangemi (page 1).
4. Site Plan Packet by The Southeast Civil Group, dated June. 4, 2021 (3 pages).
5. Property Deed (2 pages).
6. Recorded Site Survey. Douglas County Superior Court, December 14, 2015 (1 page).

A. Existing Conditions

The total acreage of the subject property is 33.35 acres. The parcel number is 01450250037, owned by Richard Cangeni, is currently zoned C-1 (Commercial Low Density) and is situated on the southern side of Veterans Memorial Highway.

The site currently houses the truck freight terminal operations of East-West Express and has a 12-acre gravel truck storage area. The gravel parking area was approved by variance in 2021. The City's zoning ordinance requires that all parking areas, regardless of size, are required to be constructed of a hard, dust-free surface. However, a variance was granted to allow the truck storage area to remain gravel. The driveway, building pad, maintenance area, and customer parking areas on the site have been developed with improved, hard-surfaced materials in compliance with code requirements.

FIGURE 1. AERIAL MAP. 15051 VETERANS MEMORIAL HWY.

Surrounding Properties:

The subject property is surrounded by C-1 zoning on all sides; however, the uses that prevail in the area are industrial in nature. The subject property is in an area characterized by a mix of industrial and commercial uses, with physical features that create substantial separation from more sensitive land uses. To the south, the property is bordered by Interstate 20, and to the north, the site is separated from other uses by both Veterans Memorial Highway and an active railroad line that runs roughly parallel to the highway. This dual transportation corridor further reinforces the industrial character of the area and creates an additional barrier between the site and any sensitive uses to the north.

The entrance drive to the subject site on Veterans Memorial is between a *Shell Service Station*, and *Reedwick ITS / Signal Contractors*. *Reedwick* specializes in the design, construction, repair, and maintenance of traffic signals, which is an industrial land use. A construction company, *Combined Construction Services*, is located adjacent to the north along East Montgomery Street. The area along East Montgomery Street features industrial buildings and uses – a Boat and RV storage, and U-Haul rental facility.

TABLE 1. SURROUNDING LAND USES

	Current Zoning	Land Use
North	C-1 (Commercial Low Density)	Industrial / Commercial
East	C-1 (Commercial Low Density)	Undeveloped
South	C-1 (Commercial Low Density)	Undeveloped area between site and I-20
West	C-1 (Commercial Low Density)	Industrial

B. Site History

East West Express Inc. operates a truck freight terminal at the subject property. The property owner purchased the parcels in 2015. The site remained vacant until 2019 when it was used for overflow tractor-trailer parking for the company's other locations within Villa Rica. In 2021, development started on an office and maintenance building to consolidate East-West Express's operations at this location.

On July 13, 2021, a variance was granted to allow a gravel truck storage area on the lot. The applicant requested a variance from Section 7.02(5), which requires all vehicle parking areas to be a hard, durable, dust-free surface. The request was for gravel instead of asphalt for the 12-acre tractor-trailer parking lot at the East-West Express facility. Staff recommended denial of the variance, maintaining that the need for a variance was self-imposed, and that the parking areas must meet the ordinance's hard-surface requirement.

The property was originally zoned General Commercial (GC) under the Unified Development Code (UDC) and was rezoned to the corresponding designation of Commercial Low-Density (C1) during the citywide rezoning effort in 2020.

FIGURE 2. SITE PLAN. 15051 VETERANS MEMORIAL HWY.

C. Proposed Development

No site modifications are proposed as a part of this rezoning request, and East-West Express will continue the current operation as is.

D. Rezoning Review Criteria

The Zoning Ordinance of the City of Villa Rica, Section 11.05(2)(b), requires the Planning & Zoning Commission and the legislative body to pay reasonable regard to the following when preparing and considering proposed amendments:

i. The Comprehensive Plan.

The subject property lies within the “East Village” future land use designation, which promotes Commercial and Commercial Corridor development. While industrial uses are not explicitly identified as appropriate within this FLU area, the Commercial Corridor character area does recognize that commercial corridors include primary roadways that may be predominately industrial in nature and mentions commercial corridors also provide employment opportunities for local industry.

ii. Current conditions and the character of current structures and uses in each district.

While the property is currently zoned C-1 (Commercial Low-Density) and is surrounded by C-1 zoning, the prevailing uses in the surrounding area are industrial in character. These include a traffic signal contractor (Reedwick ITS), a construction company (Combined Construction Services), Boat/RV storage, U-Haul rental, and proximity to I-20, all of which reflect a functional industrial corridor. The existing use on the site is a truck freight terminal, which is not permitted in C-1 but is allowed by right in the I-2 district. Therefore, the rezoning request aligns more closely with actual land use conditions than with the existing zoning map.

iii. The most desirable use for which the land in each district is adapted.

Given the site’s adjacency to I-20, its access to major transportation corridors, and the surrounding pattern of industrial activity, the property is better suited for industrial use rather than low-density commercial activity. The existing truck freight terminal has already adapted the site for industrial use and has operated there for many years. As such, I-2 is a more appropriate and desirable zoning classification for the current and foreseeable use of the site.

iv. The conservation of property values throughout the jurisdiction; and

Rezoning the subject site to I-2 is not anticipated to negatively impact surrounding property values. On the contrary, aligning the zoning with the existing industrial use may improve regulatory clarity and prevent future land use conflicts, which supports stability in adjacent property values. Additionally, the character of surrounding businesses and the physical separation from residential uses by commercial and industrial properties buffers the site from more sensitive land uses.

v. Responsible development and growth

The proposed rezoning supports responsible growth by aligning zoning with the long-standing existing use, which prevents the need for non-conforming use designations resulting in enforcement issues. It ensures that the freight and logistics operation is housed in an appropriate zoning district (I-2). No physical changes or development are proposed, so no change to the impact of this use is anticipated.

Analysis Criteria

i. *Whether the zoning proposal will permit a use that is suitable in view of the use and development of adjacent and nearby property.*

Yes. Although the site is zoned C-1, surrounding uses are industrial in nature, including a signal contractor, construction company, boat/RV storage, and U-Haul facility. The existing truck freight terminal is consistent with the prevailing land uses in the area.

ii. *Whether the zoning proposal will adversely affect the existing use or usability of adjacent or nearby property.*

No. The rezoning aligns with nearby industrial activity and may not negatively impact adjacent commercial or industrial properties. No physical changes are proposed.

iii. *Whether the property to be affected by the zoning proposal has a reasonable economic use as currently zoned.*

No. The existing use, a truck freight terminal, is not permitted in C-1 and is therefore not viable under the current zoning. Rezoning to I-2 is necessary to bring the use into conformity.

iv. *Whether the zoning proposal will result in a use which will or could cause an excessive or burdensome use of existing streets, transportation facilities, utilities, or schools.*

No. The use already exists, and no additional development is proposed. There may be no increase in burden to infrastructure or public services.

v. *If the local government has an adopted land use plan, whether the zoning proposal is in conformity with the policy and intent of the land use plan; and*

No. The site lies within the East Village character area, which encourages commercial and commercial corridor uses. Industrial is not listed as an appropriate land use. However, the corridor supports industrial activity, and surrounding uses are industrial in function.

vi. *Whether there are other existing or changing conditions affecting the use and development of the property which give supporting grounds for either approval or disapproval of the zoning proposal.*

Yes. The site is located near I-20 and surrounded by industrial uses despite its C-1 zoning. The zoning correction will reflect actual land use patterns and remove a nonconforming situation.

E. Comments

Rezoning the property to an industrial district is appropriate because it aligns with the how the site is being used and brings it into compliance with the city's zoning ordinance. The business is vested in the property and has operated on the site for many years. The requested rezoning will not be injurious to general welfare.

F. Public Notification

As required by *Section 11.05* in the Code of the City of Villa Rica, the public has been notified in *Times-Georgian* and the *Douglas County Sentinel* on July 29, 2025; a sign has been posted on the subject properties; and all abutting property owners have received notification via regular and certified mail.

Public Response:

In response to the public notifications, no residents have contacted the City objecting to the proposed variances.

G. Recommendations

Planning and Zoning Commission's Recommendation: Approval (3:0; 1 abstained)

Staff recommends **Approval** with conditions:

1. The subject property shall be limited to use as a truck freight terminal and related logistics/transportation operations. No other industrial use permitted under I-2 zoning shall be allowed without further review and approval by the Planning & Zoning Commission and City Council, unless and until the Future Development Map is amended to designate the subject site within an industrial-compatible district, at which time such Council approval shall no longer be required to change the use.
2. All building, fire life safety, and zoning requirements shall be met in accordance with all applicable City codes and regulations.

Subject: Correction of Zoning from C-1 to I-2

- a. There will be no changes to the current business, this property should have been zoned I-2 in the beginning. Therefore, no changes will be detrimental to the general public's interest as there are no proposed changes.
- b. This property should have been zoned as I-2, this proposal to change is to get it zoned correctly for the existing truck freight terminal operations.
- c. Again, no changes are being proposed to property, only zoning update for current business.
- d. NA
- e. There will be no changes to the property.
- f. There will be no changes to the infrastructure of the property.
- g. There are no changes to the roads being made, only requesting to update the zoning.
- h. There will be no additional development on the property.
